About Us

The Missouri Native Seed Association (MNSA) is an organization of Missouri native seed producers and native seed collectors, state and federal government agencies and other partners. The organizers strive to create fair and prosperous marketing opportunities for Missouri native seed producers and collectors.

The Association is governed by a Board of Directors comprised of five native seed business members and advisory members from partnering agencies.

Our Purpose

The purpose of the Missouri Native Seed Association is to enhance the viability of the Missouri native seed industry by creating fair marketing opportunities for Missouri native seed producers and collectors.

Who Should Be A Member?

- Any Missouri native seed producer or collector
- Wholesale and retail businesses who sell native seed
- Representatives from federal or state government who have a responsibility for protecting, restoring, enhancing or mitigating for the loss of Missouri's natural resources
- Organizations whose goal is to protect, restore or enhance Missouri's natural resources
- Institutions with a desire to advance the knowledge, research and science regarding Missouri native plants
- Individuals with a passion for Missouri native plant materials

Membership Benefits

- Partner with Missouri Crop Improvement Association to develop source identified native seed industry
- Partner with state and Federal agencies to enhance state properties with Missouri native plantings
- Partner with GrowNative!, a program of the Missouri Prairie Foundation, to market and educate consumers about using Missouri native seed
- Partner with Universities to research applications of natives
- Enhance marketing by using Missouri Native Seed association logo to identify added value
- Opportunity to expand knowledge of native seed industry through educational and networking opportunities at annual meeting
- Contact info and website link is placed on the MNSA website
